PCR POLICIES & PROCEDURES

PCR DROP-OFF POLICY

Please remember that when you drop off a PCR member at a program you should accompany that person inside to the program area. Please DO NOT drop the member off outside the program area or building and leave. Also, please do not drop off a member at a program before the stated start time. PCR staff use this time to set up for the program. You should also come inside to pick up members at the end of a program. These procedures allow you to make sure that your member gets safely inside, that there is a program that day, and also lets you communicate with the PCR staff.
