# PCR MEMBER SATISFACTION SURVEYS

In an effort to ensure that PCR programs meet the needs of our members, PCR has instituted an annual member satisfaction survey. The purpose of this survey is to solicit feedback regarding the running and content of our programs. This information will then be used to make improvements to individual programs in the upcoming year.

You will be receiving surveys for each and every PCR program for which you have registered. We ask that you complete each survey and mail it back to the PCR office in the provided self-addressed envelope. If you prefer, you can complete the survey online by visiting our website at [www.pcr-inc.org](http://www.pcr-inc.org).

We value your input and appreciate your taking the time to ensure that PCR programs are of the highest quality possible.
